

I am **Kulbhushan Yadav**, a motivated and hardworking Bachelor of Information Technology (BIT) student with a strong interest in learning new skills and building my career in the IT field. I enjoy taking on new challenges and always strive to improve my knowledge and abilities.

I am a quick learner with a friendly personality, the ability to work under pressure, and a positive attitude toward achieving goals. I am fluent in Nepali, English, Maithili, and Bhojpuri. In my free time, I enjoy playing cricket, listening to music, and helping others. I am eager to contribute my skills, learn from new experiences, and grow professionally.

Skills I Have

Over time you've built a solid foundation in several areas.

Programming

- JavaScript
- TypeScript
- Python
